Women's Center & Shelter of Greater Pittsburgh

Mission: To end intimate partner violence
in the lives of women and their children

Mission

To end intimate partner violence in the lives of women and their children.

2011 - 2012

Services to victims, by the numbers

Guiding Principles

Women's Centered Advocacy
WC&S works on behalf of women and recognizes that the roots of intimate partner violence lie in the historic subjugation of women.

Empowerment Approach
WC&S recognizes that when individuals are provided with support, advocacy, resources and information, they are in a better position to determine what is best for them. WC&S supports the voluntary choice of women and respects the woman's ability to assess the danger she and her children face.

Sanctuary Model
WC&S has adopted the Sanctuary Model, a holistic, full-system approach to meeting the physical and emotional needs of victims. Sanctuary is a method of providing service and engaging in activities and interactions that focuses on helping injured children and adults recover from damaging effects of interpersonal trauma.

Community Awareness
WC&S educates the community and works to change systems in ways that will end intimate partner violence.

Foundation of Services- J.A.R.S.
WC&S provides high quality, confidential programs offered in an environment where cultural competency, justice, autonomy, restoration and safety are priorities.

Programs & Services

Hotline 412-687-8005

A call to the hotline is often the first step a victim takes towards a violence free home. The Hotline is answered 24-hours a day by staff and volunteers, who discuss with callers their feelings, legal options, counseling issues, safety plans and any other intimate partner violence (IPV) related issues the caller may have.

Legal Advocacy

Legal Advocates provide information, resources, counseling and support to victims of abuse as well as accompaniment throughout the complex and often overwhelming legal system. Legal Advocates also work with the many components of the justice system to improve policies and procedures and train police officers on intimate partner violence issues.

Shelter

Shelter is provided to women and child victims of domestic violence who are in immediate danger. In shelter, women are offered individual counseling and support groups, legal, medical and housing advocacy, employment assistance and children's services. WC&S houses up to 36 women and children at any time.

Children's Program

Children, too, suffer the effects of intimate partner violence. At Women's Center & Shelter, children receive counseling, learn alternatives to violent behavior and explore their feelings in age-appropriate support groups on-site as part of the Children's Counseling Center. Children in shelter also receive on-site medical care and dental screening. The Center offers child care free of charge, places children in feeder schools, provides clothing and school supplies and numerous other services.

Medical Advocacy

Medical Advocates provide counseling and support to victims of intimate partner violence, early intervention in intimate partner violence-related situations, and training and support to medical professionals.

Empowerment Center

Many victims may not need shelter, but benefit from other services offered at the Women's Center & Shelter such as counseling, legal, medical and financial advocacy, and children's services. Victims can receive group support and children's services through the Empowerment Center

Education

WC&S offers prevention programs to schools, community education and outreach to increase awareness and understanding of intimate partner violence. The Education Department also provides professional training for child welfare professionals, clergy, therapists, human service providers and community groups to teach identification and intervention with adult and child victims.

Civil Law Project

The Civil Law Project (CLP) provides free legal representation to clients of WC&S who are victims of intimate partner violence in a variety of legal matters including protection for abuse orders, custody, support and divorce.

Parent-Child Interaction Therapy (PCIT)

In partnership with Allegheny Children's Initiative Inc., WC&S provides PCIT, a form of therapy that has two main goals: promoting effective behavior management/discipline techniques for the parent and enhancing a positive relationship between parent and child. To accomplish these goals, PCIT engages the parent and child in a 12-20 week program using live coaching, teaching parents what they are doing well and providing in time support for the skills they are having difficulty mastering.

MEN/S Group

WC&S offers MEN/s Group for men who need help with their violence or abuse. Each group focuses on stopping violence. It encourages men to change their attitudes and beliefs that perpetuate intimate partner violence, realize how they create many of their own conflicts, take responsibility for their actions, understand the impact of their behavior on themselves and others, and give up control tactics and their sense of entitlement to use them.
