Shirl's Letter

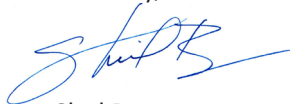

As with any year, this past fiscal year brought about new opportunities, successes, and challenges. Construction on our facility began in June, 2016 and is nearly complete just in time for the New Year. Though nothing could have prepared us for the trials and tribulations brought about by living through construction, Women's Center & Shelter's staff, residents, non-resident clients, community partners and visitors handled every situation with patience and grace. It was a short-term inconvenience for a long-term gain. I am so proud of how our entire team came together to problem-solve and support each other, all while continuing to serve clients with sanctuary in mind.

The end result is a building that we are delighted to call home. It's a place full of dignity and hope for women experiencing domestic violence and their children, and for all others who enter. This journey began more than five years ago and has morphed into one of the most important projects of my career. While it's easy to think of a building as just bricks and mortar, it is so much more. One's physical surroundings are vital to healing, so we've made every attempt to include the idea of healing in each part of the building. It is about breaking down barriers to leaving an abusive relationship and building trust with those around you. We have all learned a great deal during this process and will carry these lessons into our everyday work.

In order to further reduce barriers to services, WC&S launched a new initiative funded through the Pennsylvania Commission on Crime and Delinquency (PCCD) and the Victims of Crime Act (VOCA), serving victims of domestic abuse who are immigrants, refugees or have limited English proficiency. The three-year grant focuses on strengthening WC&S' on-site programs; providing meaningful outreach to partner organizations who serve immigrants, refugees, and limited English speakers; and working with the court system to increase accessibility for these under-served populations. This initiative is an opportunity to expand our reach and offer support to those who need our help.

I am truly excited for what the future holds here at WC&S. From a new and improved building to the implementation of new initiatives, we are serving those who need us in the most comprehensive ways possible. Of course, none of this would be possible without the incredible support of our donors. Thank you for helping us to create a brighter future for 6,000 women and children each year.

Sincerely,

Shirl Regan
President/CEO

Programs & Services

24-Hour Hotline

WC&S' Hotline Advocates are trained in crisis intervention and survivor-centered advocacy. They assess the callers' safety, offer counseling, and walk the callers through creating safety plans.

2016-17:

Answered **3,716** crisis calls for **780** hours of counseling

2016-17:

Housed **267** adult victims and **233** children for a total of **13,737** shelter nights

Emergency Shelter

WC&S' Emergency Shelter provides safety for women and children in immediate, lethal danger. The core services we focus on with Shelter residents include safety planning, goal planning, and advocacy for housing, career, health, and mental health.

Children's Program

The Children's Program is a safe, welcoming, nurturing space where child witnesses/victims of IPV can heal from trauma. Beyond addressing basic needs like medical care and school access, the Child Advocates collaborate with local organizations to plan fun, expressive activities.

2016-17:

Provided **300** resident and non-resident children with **6,980** hours of structured activities

2016-17:

Provided **242** adult victims of domestic violence with **3,071** hours of non-resident counseling and emotional support

Empowerment Center (Non-Resident Program)

Support groups are offered almost every day at WC&S for IPV survivors who have exited Shelter and those who have not needed Shelter services. Groups cover topics like life skills, seeking safety, fostering wellness, motherhood, healthy relationships, and surviving trauma.

Legal Advocacy

WC&S' Legal Advocacy Department helps IPV survivors navigate the court system by providing information, resources, counseling, and ongoing support free of charge. Legal Advocates may guide survivors through obtaining Protection From Abuse (PFA) orders and accompany them to court hearings.

2016-17:

Provided **3,797** adult victims of IPV with **6,005** hours of legal advocacy

Programs & Services

Civil Law Project (CLP)

Through the Civil Law Project (CLP), WC&S clients receive free legal representation in matters including PFA orders, custody and child support, and divorce.

2016-17:

Provided free civil legal representation to **394** unduplicated clients in a total of **635** new cases

2016-17:

Provided counseling to **40** hospital patients assessed as high danger for lethal violence

Medical Advocacy

The Medical Advocate maintains relationships between WC&S and local healthcare providers, distributing WC&S print materials to medical practices and meeting with patients admitted to hospitals for IPV-related injuries.

Education

WC&S delivers training and presentations on IPV awareness and prevention to criminal justice professionals, students, clergy, corporations, and other professionals.

2016-17:

Provided **41** trainings to **840** professionals including medical personnel, criminal justice personnel, clergy, and other professionals along with **46** prevention education presentations to **381** students and **18** presentations to **609** other community members

2016-17:

265 men were served, **59** completed the 24-session program, and **151** were still in the program at the fiscal year's end

Men's Groups

The Men Embracing Nonviolence and Safety Group is an intervention for men who (physically, emotionally, verbally, sexually, and financially) abuse their intimate partners. These men are either court-ordered to the program or are self-referred, and curriculum focuses on challenging them to change their behaviors and to stop being abusive to their partners and children.

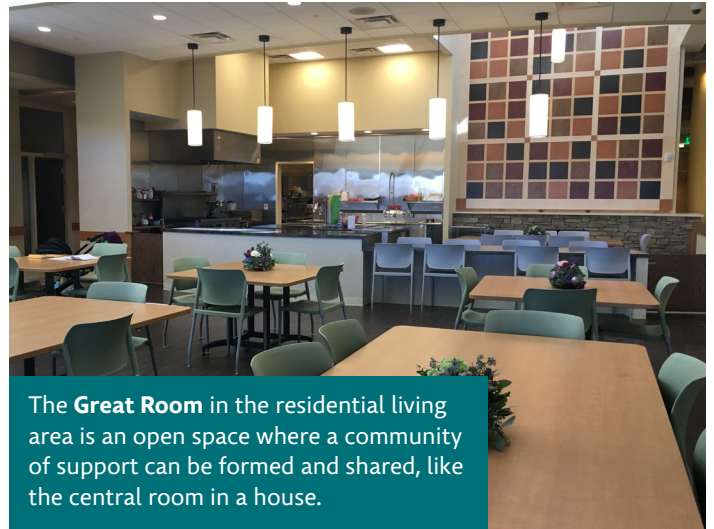

Women's Center & Shelter
of Greater Pittsburgh

Building Renovation Highlights

While we could fill the pages of this Annual Report with all of the wonderful features of our newly renovated building, here are some great highlights!

The **Central Hearth Wall** serves as an anchor that orients you within, celebrates the history of quilting (and the many quilts that have adorned our walls for decades), and weaves together a diverse palette of wood tones to celebrate the inclusivity of WC&S.

The **Great Room** in the residential living area is an open space where a community of support can be formed and shared, like the central room in a house.

Nature is an aspect of healing that informed our color choices, the textures incorporated into the building design, and the many access points to natural light and the sky.

An **indoor and outdoor Pet Area** has been added into the building design to accommodate a family's beloved furry friends and break down another barrier to leaving an abusive relationship.

An **Open and Expanded Children's Program** is connected to the exterior with a variety of age appropriate activities and a focus on learning together.

Thank you to our donors!

Women's Center & Shelter of Greater Pittsburgh sincerely thanks all of our generous donors listed on the following pages for your life-saving support. Thanks to you, WC&S helps to change lives, one woman and child at a time. The gifts listed on these pages were made between July 1, 2016 and June 30, 2017.

Please note that all contributions to WC&S, including gifts through United Way, are included in the following pages.

The listing is completed to the best of our knowledge. If there are any corrections, please contact Josh at 412-687-8017 ext. 337.
