

SPECIALTY DIRECT SERVICE ADVOCATE

About the agency. Women's Center & Shelter of Greater Pittsburgh (WC&S) is a comprehensive domestic violence program serving individuals impacted by domestic violence and facilitating an intervention and education program to people who use abuse. We are advocates, grounded in fostering a community of safety, healing, and empowerment for anyone affected by domestic violence. Our mission is to strengthen our ability to meet the individual and evolving needs of those affected by domestic violence by investing in the growth of our people, deepening community engagement, and amplifying the voices of all survivors. All staff learn about and support the organization's mission, vision, and values. In addition, the principles of the Sanctuary Model (a model for prioritizing victims' needs and promoting safety and recovery from adversity) and continuous improvement infuse all aspects of the organization.

About the role. As a Specialty Direct Service Advocate, you will provide direct service, advocacy, safety planning, emotional support, psychoeducation, case management, and information & referrals to clients of the WC&S Emergency Shelter, 24-Hour Hotline, and Text/Chat. Additionally, you will be a part of the Refugee, Immigrant, and Limited English Proficiency (RIL) Team, working with individuals who are refugees, immigrants, or have limited English proficiency. You will have the ability to effectively work with adults and children who have experienced trauma, handle crises, manage multiple client cases and needs, and be a resourceful problem solver with strong attention to client safety, confidentiality, and wellbeing. Due to the sensitive nature of our work, it is important that you understand abusive family dynamics, including intimate partner violence (IPV), cycle of abuse, power and control dynamics, and child abuse and neglect. The successful candidate is knowledgeable on subjects related to culturally specific issues, immigration, limited English proficiency, and passionate about serving those experiencing IPV. This role is onsite and based out of the WC&S office.

This role provides you with the opportunity to showcase your active listening, language comprehension, cultural competency, and crisis management skills, and the ability to contribute to the organization's mission in a variety of ways. The successful candidate will be able to communicate in two or more languages (fluent in English and at least conversational in one or more additional languages), display compassion and cultural humility, and have a heart for working with refugees, immigrants, and individuals with limited English proficiency. If you are comfortable building rapport, thinking outside the box, working with a team to meet ever-changing needs, and are passionate about working with populations experiencing intimate partner violence, we are eager to hear from you. WC&S will offer you an environment that provides endless opportunities to advance your knowledge, skills, and abilities.

Here's what you will do:
